- First of all, thank you all for coming. There is a lot of competition as far as meetings in the community;
- There is pre Oscar party going on with officers;
- There is neighborhood council meeting going at Stadium;
- Motion to approve February meeting Minutes, passed;
- From the last meeting we passed the By-Laws with all the Advisory members. We took a vote to pass the By-laws and everyone agreed to pass the By-Laws;
- There is only Two(2) comments;
  1. Regarding a Board members being advised activities in community with committees or neighborhood;
  2. Regarding on Section 2, Item 1 from the By-Laws was referring to Advisory Board as Officers and the correct terminology as Members. We will edit that.  
So the right terminology word of Advisory Officers will be Advisory Members;
- One of our guests from the last meeting concerned about the Graffiti, so I did some research for the Graffiti.  
I found the Nine (9) steps to prevent Graffiti.  
Printed out some information to prevent Graffiti;  
One more thing about the Graffiti, before anyone paint off the Graffiti, take the photo of the Graffiti and submit that to the Gang Unit Officers. Then they will review and keep track the Graffiti, if that relates with the Gang members;
- Comment Box;  
The Comment Box is on the back. The Box is for all the members and communities to share their ideas, changes, suggestions, any Guests they want to invite and we will address to that next meeting;
